

One of a kind natural stones... crafted one at a time.

When they're close to their pets, we're close to your needs.

For many, a pet is just as much a part of a family as any other member of the household. Providing a lifetime of unconditional love and affection, owners want the opportunity to provide their pet a respectful, loving tribute. Understanding this need, it's our pleasure to introduce to you Ceramica's KEEPSTONES® Memorials.

Crafted from the finest natural stone, not synthetic material, our memorials are resistant to many of the harmful conditions associated with the outdoors. With a beautiful variety of colors and sizes to choose from, your customer is able to express a lasting message of love and admiration for their beloved pet with our unique and personal memorials.

A natural way to grow your business.

Since 1988, our stonework has been elegantly decorating homes and gardens nationwide. Acting as a solid display to lovingly remember anniversaries, family members that have passed on, or to display a simple motivating message, your customers now have a distinguished way to leave their mark.

Carved from natural stone product unique to KEEPSTONES, our garden stones make an impressive addition to any landscaped property. Give your customers a way to prominently show off their personal tastes. Each unique stone is engraved and then colored with black acrylic masonry stain, which is resistant to chipping or fading, so your customer's message and your company's image remains strong year after year.

As a leader in our industry we recognize the importance of offering excellent products in a timely fashion and at a reasonable price. We'd like to help you deliver your customer the same level of service.
